

## TCPI Exemplary Practice Performance Summary, August 2019 Desert Shores Pediatrics

**Desert Shores Pediatrics** has 2 practices in the Southeast Valley of Maricopa County, Arizona. Our group of compassionate, skilled pediatricians and Nurse Practitioners provide comprehensive medical care for infants, children and adolescents in a fun and caring environment. We believe that children are important and deserve the best. Our facility will host a friendly environment, professional staff, quality healthcare, and most of all – a positive experience for the children.

At Desert Shores Pediatrics we are committed to serving the community by providing excellent pediatric medical care. Our goal is to make a difference in the lives of children by providing quality healthcare in an environment built on KNOWLEDGE, INNOVATION, HONESTY and FUN.

Our providers have come together to create a *Parent Information Booklet* that is given to each parent to help guide them through each wellness visit, track baby’s growth with advice for the appropriate age, safety information, and information on urgent care and ER recommendations. The booklet is also available on our website.

Below are a few recognitions which reflect the quality of services offered within our practice.

Desert Shores Pediatrics joined the Practice Innovation Institute (Pii) in 2016 and graduated in May 2019 by completing the 5 Phases of Transformation and joining a qualified Alternative Payment Model (APM). As a result of their work, they have been certified to have meet Pii’s definition of an Exemplary Practice.

A **Pii Exemplary Practice** is one that meets the following criteria:

- ✓ Practice has met Phase 3 and/or above
- ✓ Practice has implemented one of the six PFE metrics
- ✓ Practice is contributing positively in on one or more of the TCPI service delivery Aims.

With the effort of organizations such as Desert Shores Pediatrics, Pii was able to meet or exceed program commitments. As of the end of Q15 Pii achieved/exceeded established commitments for AIMS 2 – 5.
